Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as [@gpw.gov.za](mailto:gpw@gpw.gov.za)

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at www.gpwonline.co.za
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

DEPARTMENT OF FORESTRY, FISHERIES AND THE ENVIRONMENT**NOTICE 2710 OF 2024****PUBLICATION OF THE DRAFT FOURTH NATIONAL COMMUNICATION FOR THE REPUBLIC OF SOUTH AFRICA, UNDER THE UNITED NATIONS FRAMEWORK CONVENTION ON CLIMATE CHANGE FOR PUBLIC COMMENT**

I, Dion Travers George, Minister of Forestry, Fisheries and the Environment, hereby invites comments on the draft Fourth National Communication Report for the Republic of South Africa to the United Nations Framework Convention on Climate Change (UNFCCC) (the draft 4th NC Report).

South Africa, as a Party to the United Nations Framework Convention on Climate Change (UNFCCC), has an obligation to submit National Communications every four years and Biennial Transparency Reports (BTRs) in between National Communications to report its current standing on climate change in terms of its efforts to mitigate climate change as well as efforts in implementing measures to facilitate adequate adaptation to climate change. South Africa prepares National Communications in accordance with articles 4 and 12 of the UNFCCC in compliance with the UNFCCC National Communications Guidelines. South Africa submitted the initial National Communication to the UNFCCC in 2004, followed by the second in 2011 and the third in 2018.

The draft 4th NC Report serves as a means to present information about the implementation of climate change policies in a consistent, transparent, comparable, and flexible manner. Additionally, the report provides information to guide the Global Environment Facility (GEF), as the operating entity of the financial mechanism of the Convention, in providing financial resources to meet the costs of implementing the Convention. The draft 4th NC Report has been prepared to comply with articles 4 and 12 of the UNFCCC. The draft 4th NC Report was prepared in alignment with the UNFCCC Guidelines as per decision 17/CP.8 and its Annex. In summary the draft 4th NC Report is structured as follows:

BOARD NOTICE 663 OF 2024**NOTICE OF APPLICATION FOR THE DEFINING OF A PRODUCTION AREA
NUVELD-KAROO (DISTRICT)**

(In terms of Section 6 of the Wine of Origin Scheme published by Government Notice No. R.1434 of 29 June 1990)

Please take note that J W Potgieter applied to the Wine Certification Authority to define Nuveld-Karoo (District) as a production area to produce Wine of Origin.

The main characteristic of the Nuveld-Karoo District is that an attempt has been made to maintain 1300 m above sea level. The height above sea level of Nuveld-Karoo is 1313 m – 1962 m (an average of 1523 m). It will be the highest district (on average) after Central Drakensberg (1436 m average) and Sutherland-Karoo (1422 m average).

The northern border runs on the Western Cape's border (just south of Loxton) and the southern border runs on the 1500 m contour line of the Nuweveldberge, just north of Beaufort West. The gap on the east runs on the eastern boundaries of farms 2/49; RE/49; 396; 395; RE/75, where the Krom River flows past Bobbejaanskop.

The proposed boundaries can be viewed at www.sawis.co.za – "Certification – News and Information" or contact Jackie Cupido at 021-807 5704.

Anyone having any objection against this application is hereby notified to lodge their objections, with motivations, in writing with Olivia Poonah (olivia@wineauthority.org), Executive Manager, Wine Certification Authority, P O Box 2176, Dennesig, Stellenbosch, 7599 within 30 (thirty) days of publication of this notice.
